The necessary travel documents such as Visas, etc. ... shall be arranged by the client. Therefore, we cannot and do not accept liability for accidents, personal injury, illness, travel delays and damage to or any type of loss ( include theft) of client's personal property such as firearms, camera equipment and luggage.

Accordingly, we require that all clients arrange for their own travel, life, medical and cancellation insurance to cover all these potential risks that could occur before, during or after their Safari. This coverage can easily be obtained through reputable and experienced international travel agents.

We maintain the insurance policies that are required under Namibian law.
